

Dear Sirs,

It has come to my attention that professor Marita Candela, from Universidad Autónoma de Barcelona (UAB), has proposed the creation of the "International Center for Animal Law and Policy" (ICALP).

I support the creation of this center and I would like to congratulate UAB for the initiative, and also to point out that the UAB is an important leader in the area of animal rights.

In fact, since long ago Professor Candela has been dedicated to the study of animal law and the creation of ICALP will enhance the development of this subject, allowing researchers to disseminate their results in journals, books and seminars around the world.

Thank you for your consideration of this important proposal.
