

ICALP support letter

Montpellier, July the 24,

Dear Sirs,

My name is Sabine Brels, doctorate in Law (Laval University) and Manager of the Global Animal Law (GAL) Project, online : www.globalanimallaw.org.

I am writing this letter in order to support the creation of the International Center for Animal Law and Policy, as proposed by the Pr. Marita Candela.

Having the chance to know Pr. Candela since few years, I can ensure that her work and dedication highly contribute to the development of animal Law in Europe and even internationally. I had the privilege to contribute to the Derecho animal website she created and I can guarantee that the Master in Animal Law and Society she is directing is now attracting students from all over the world.

Creating such a center would greatly help the development of animal Law teaching and collaboration with relevant stakeholders politically, in order to reach key steps in this emerging but crucial field. Indeed, there is now urgent issues that Europe and the rest of the world is facing. Having such a center can help to address them and contribute to the prestige of the University, turned to the future and proposing solutions for a better world.

You can count upon me, as a most enthusiastic collaborator, to help making this project come true.

Most sincerely,

Sabine BRELS
