FVE/15/Corr/023

Dear Sirs,

It has come to our attention that your University is investigating the creation of an "International Center for Animal Law and Policy" (ICALP). We would strongly support the creation of such a Center. The Federation of Veterinarians of Europe, FVE, has received over the name a number of stagiaire's from the UAB Master in Animal law and Society. All of these persons have been of outstanding quality. Your University is already known for its leadership in the area of animal law and we believe the creation of a Center will only re-inforce this leadership. Professor Candela has proven her dedication to this area of law and the creation of a Center will allow a more visible platform for the world to see her leadership in the academic world of Animal Law.

Thanks you for your consideration of this important proposal.

Yours sincerely,

Rafael Laguens,
FVE President
